No other terms shall be binding on Plasan unless signed by Plasan, even if sent to Plasan after the issuance of the PO and even if Plasan has not expressly rejected them.
- The Seller shall acknowledge the PO by signing a copy thereof and returning it: (i) where the PO is issued by Plasan Sasa Ltd. - by fax (+972 (4) 6809001) or by email (plasan@plasan.com) for the attention of the Purchasing Department; (ii) where the PO is issued by Plasan North America, Inc. by fax (+1 616) 988-6664 or by email to Contracts@plasan-na.com for the attention of the Purchasing Department; and (iii) where the PO is issued by any entity affiliated to Plasan, as will be indicated on the PO.
- Until the Seller has acknowledged the PO in the manner set forth in Section 2 above, Plasan shall be entitled to withdraw the PO by any means of communication. Notwithstanding the foregoing, if the Seller did not send an acknowledgement in the manner required in Section 2 (, but the Seller commences work required for delivery of the Supplies to Plasan, then Plasan shall be entitled, at its discretion, to either (i) purchase the Supplies from the Seller, regarding such delivery as the Seller’s acceptance of the PO and these Terms in full, or (ii) reject the Supplies on the basis that the PO was rejected by the Seller.
- No change to the Contract will be effected unless made in writing and signed by both Plasan and the Seller, save that Plasan shall be entitled to deviate from the quantities ordered by +/- 3%; such deviation not to affect the price per unit quoted in the PO.
- Plasan may issue blanket POs for Supplies. Where blanket POs are issued, no obligation is made by Plasan to purchase the Supplies thereunder, but Plasan shall have the right to activate deliveries under the POs by issuing releases (“Releases”) that specify quantities of Supplies and delivery dates and by accepting blanket POs, the Seller undertakes to comply with all Releases received from Plasan. More than one Release may be issued under blanket POs, provided that the total quantity of Supplies ordered under all Releases for a blanket PO does not exceed the total number of Supplies stated in the blanket PO.
- No verbal offer from Plasan will be binding until it is reduced into writing and acknowledged in accordance with these Terms.

2. Manufacture

- All Goods shall be manufactured to the highest industry standards and in full compliance with all applicable laws, rules and regulations (including without limitation, all applicable health and safety and environmental laws) and shall meet all requirements of the PO and the PO Documents.
- Where the PO is for build-to-print Goods, then the Goods shall conform precisely to the TDP provided by Plasan. Plasan may also have provided or will provide the Seller with training courses and supplemental documentation, instructions and clarifications. All such information and documents shall be considered a part of the PO Documents and shall be followed precisely by the Seller. POs for Goods designed and developed by the Seller according to Plasan design specifications shall, following design freeze and finalization of the TDP, be considered as POs for build-to-print Goods for the purposes of these Terms.
- If the Goods are off-the-shelf items, then they shall be manufactured to comply precisely with the product descriptions and any samples provided to Plasan. If the Goods are off-the-shelf items adjusted to meet Plasan requirements, then the Goods shall be manufactured to conform to those requirements.
- Unless prior authorized by Plasan in writing, all Goods shall be made only of new material.
- Plasan may order the Seller at any time to suspend, delay, or interrupt all or any part of its work under the PO by providing written notice to that effect (the “Stop Work Order”). Upon receipt of a Stop Work Order, the Seller shall immediately comply with its terms and take all reasonable steps to minimize the incurrance of costs allocable to the work covered by the PO during the period of work stoppage. Within a period of 120 days after a Stop Work Order is delivered to the Seller, Plasan shall either cancel the Stop Work Order, or terminate the Contract for default under Section 19.1 or for convenience under Section 19.2. Once Plasan has cancelled the Stop Work Order or the 120 day or extended period has expired and Plasan did not terminate the Contract, then the Seller shall resume the stopped work and equitable changes shall be made to the Contract’s delivery schedule and price (if appropriate). Determination and implementation of the equitable changes shall be in accordance with determination of the equitable changes under Section 10 (Change Procedure) below.

3. Provision of Services

Services provided under the PO shall be provided in a timely manner, to the highest industry standards, in accordance with accepted practice or as otherwise stated in PO Documents.

4. Quality Assurance; Inspection and Acceptance; Rejection

- The Seller shall possess ISO 9000:2000, TS-16949 (for calibration suppliers ISO 17025) or equivalent qualifications and shall furnish Plasan with evidence thereof at Plasan’s request.
- The Seller shall have and maintain a quality control and inspection system which was approved by Plasan. Where Goods or any part thereof are found to be defective and are repaired, or Services found defective and rectified, details of the defects and the repair or rectification work will be recorded and notified to Plasan.
- During performance of the PO, Plasan, the Customer and any prime contractor to the Customer shall have the right to visit premises where the Seller is performing the work in order to inspect performance of the PO. In as far as is reasonably possible, visits will be coordinated in advance with the Seller and will be conducted in a manner that minimizes disturbances to the Seller’s work as much as possible.
- Plasan and representatives of the Customer and any prime contractor will have the right, but not the obligation, to attend the Factory Acceptance Tests (FATs). Plasan shall notify the Seller of any intention to exercise this right and the Seller shall coordinate the times and places of the FAT with Plasan. Where representatives of Plasan, the Customer and any prime contractor do attend the FAT, each party’s representatives shall counter sign the COC, if the Goods have passed the COC. FATs shall be as described in the PO Documents, but absent any agreed upon format, FATs shall be in line with accepted industry practices.
- Seller shall not sell and deliver to Plasan Goods that did not pass the FATs before making any repairs to them required to make them conforming and re-submitting them to the FAT. When Seller delivers Goods to Plasan that had failed the FAT and then undergone repair work, the Seller shall include with the delivery a written report on the original failure, the repair work undertaken and COC for the retaken FAT. Supplies that fail the FAT more than once will not be submitted to Plasan without Plasan’s prior written agreement.
- Attendance of Plasan, Customer or prime contractor representatives at FAT and countersigning COCs shall not derogate from the Seller’s obligations hereunder to provide conforming Supplies or from Plasan’s rights arising from delivery of non-conforming or defective Supplies. Notwithstanding counter-signing on any certificates of compliance or payment for Supplies, if the Supplies are found to be defective after delivery and inspection by Plasan, then Plasan shall have the right to either: (i) reject the defective Supplies, returning defective Goods to the Seller at Seller’s sole expense; (ii) demanding defective Services are repeated; (iii) accept the defective Supplies at a suitable reduction in price; or (iii) repair or have repaired the defective Supplies or have the Services provided by an alternate provider, all at the Seller’s sole expense. Plasan’s rights hereunder

shall not prejudice any other rights that it may have by reason of the Supplies being defective. In the case of items rejected due to defects or other non-conformances with the order (such as excess amounts, wrong parts, etc.), Plasan shall notify the Seller and the Seller shall have 10 days to arrange for collection of the items, at Seller’s expense. Failure to collect the items shall entitle Plasan to arrange for return thereof to the Seller at Seller’s sole cost.

- Where the Goods are delivered to Plasan, then Plasan will perform an incoming inspection and notify the Seller of any defects within 120 days of the Goods arrival at Plasan’s premises. If the Goods are delivered directly to the Customer or prime contractor, then Plasan shall endeavor to obtain the acceptance or rejection of the Goods from the prime contractor or Customer within 120 days of the Goods arrival at the prime contractor or Customer premises (as applicable). However, if the prime contractor or Customer are entitled to reject defective Goods after such 120 day period and exercise such rights, then Plasan shall be entitled to apply such rejection to the Seller, provided that Plasan’s right shall be exercised within 30 days of its receipt of notice of rejection from the prime contractor or Customer.
- Plasan shall have the right to reject defective Services within a reasonable time from the provision of those Services that would enable Plasan to determine whether or not the Services were defective.
- If Plasan has not rejected an item as aforesaid, then it shall be deemed to have accepted the item. Payment for an item shall not be deemed to be acceptance of that item.
- Anytime Seller delivers an item that required rework or repair prior to acceptance, then simultaneously with the delivery of the item, Seller shall provide Plasan with full written details of the defects and non-conformances found in the item and the re-work actions taken on such item. No item that has required re-work more than once before acceptance shall be delivered to Plasan without Plasan’s prior written agreement.

5. Delivery schedules

- The dates and quantities set forth in delivery schedules in the PO and Releases are binding and time is of the essence.
- In the case of late deliveries that were not caused by a force majeure event or by any delay on the part of Plasan or its prime contractor or the Customer, Plasan shall be entitled, in addition to all other rights that it may have in law, contract and equity, to charge the Seller liquidated damages in an amount equal to 1% of the purchase price of the Supplies in delay per day. It is agreed that these liquidated damages are a fair estimation of the damages that might be caused to Plasan for delays and do not represent punitive penalties or negative performance incentives. Nevertheless, if Plasan can satisfactorily prove that it suffered damages arising from a delay in excess of the amount of liquidated damages calculated for the delay in accordance with the foregoing formula, then Plasan shall be entitled to receive the full amount of the damages suffered.
- Plasan shall exercise its rights under Section 5.2 above by delivering a written notice to the Seller setting out the amount claimed and the calculation therefor. The Seller shall make the payment claimed by Plasan within the next 30 days. Following the written demand for payment, Plasan may also obtain the liquidated damages by way of exercising its rights under Section 7.5 below.
- In the event that the Seller has grounds to believe that any deliveries will not be delivered in a timely manner as specified in a PO, then it shall provide Plasan with immediate notice thereof in order to avail Plasan of the chance to take commercially reasonable action to mitigate the consequences of such delays.

6. Delivery Terms; Packaging

- Terms of delivery shall be as stated on the PO or any PO Document. Any Incoterm or Uniform Contract Code term quoted shall refer to the most up-to-date version of that term at the time of the issuance of the PO. Absent any quoted term of the delivery in the Contract, the delivery term shall be FOB destination PNA under UCC for POs issued by PNA and DDP, Plasan for POs issued by Plasan Sasa Ltd. If there are any conflicts between the delivery term stated in the PO and any other term of the Contract, the other term of the Contract will prevail.
- Seller shall not make deliveries more than 10 days in advance of the scheduled delivery dates without the prior written approval of Plasan. Plasan shall have the right to charge storage fees for items requiring storage for more than 10 days prior to the delivery date.
- Goods shall be packaged, marked and labeled in accordance with any specific instructions contained in the PO Documents and if no instructions are provided, then in accordance with standard industry practices. Seller shall ensure that the transporter of the Goods is fully informed of any special requirements for transportation (e.g. special temperature requirements, etc.).
- Separate invoices are required for each shipment and for all Services rendered under a PO. All deliveries of Supplies shall include invoices in triplicate, packing lists, certificates of compliance (COC) in forms agreed with Plasan, COC, the documents mentioned in Section 7.1 below and any other documentation specified in the PO Documents. All documents shall clearly identify the PO number, item and part numbers and the Supplies to which they relate.
- In response to Plasan’s request for proposals or quotes for any kind of Goods, or together with any commercial offer made by the Seller to Plasan, it shall identify in writing those Supplies that require an export license or are subject to any applicable export regulations and indicate the applicable export control classifications under the EAR, ITAR, EU List of Dual Use Items and Technology, Wassenaar Agreement’s List of Dual-Use Goods and Technologies or other applicable export control list. Seller represents that an official authorized to bind the Seller has determined that the Seller or the designer, manufacturer, supplier or other source of the Supplies has properly determined their export classification. Seller shall also advise Plasan immediately upon any changes to the export classification information of any of the Supplies have been made.
- Seller shall indemnify and hold Plasan harmless in accordance with the provision of Section 14 for any consequences arising from non-compliance to the provisions of this entire Section 6.

7. Prices and Payment

- On date of shipment, Seller shall fax or email to Plasan (same details as provided in Section 1.2 above) the invoice, packing list, Bill of Lading or its equivalent if transport is not carried out by shipping, Certificate of Compliance (COC) and/or Certificate of Testing (COT) and all documentation required by Plasan in order to release the Goods from Customs and Excise or any other applicable body. Shipments shall include the documents mentioned above with 4 copies of the invoices and original Bill of Lading. Invoices for Services shall be provided on completion of the Services, together with any other documentation required under the PO Documents (time reports, etc.). Plasan shall be entitled to withhold payments for Supplies until proper documentation has been delivered. Where a prime contractor or the Customer collects parts, the signature date on the Bill of Lading, airway bill or other appropriate document shall be considered the date of delivery. All documents shall contain item numbers and part numbers, which correspond to the numbers on the PO.
- The prices stated in the PO are the agreed upon and final prices for the Supplies. Unless stated otherwise on the PO, the prices are firm fixed and quoted in United States Dollars.
- Unless the PO states otherwise, the prices quoted represent the total fixed cost to Plasan, including without limit all costs of packaging, crating, transport, taxes, duties, charges and other such costs and tariffs imposed thereon, all of which shall be borne by Seller’s account. Where any such items are to be charged separately to the price, the invoice shall list them separately. Any minor or incidental parts to the Supplies not specifically indicated in the PO or any attachments thereto, but required for completion of the PO are included in the price.
- Unless the PO provides otherwise, payment shall be made 60 days following the later to occur of: (i) issuance of a correct invoice; and (ii) delivery of the Supplies or completion of the Services.
- Plasan shall be entitled to reduce and set off any amount due to the Seller by any amount due to Plasan including without limitation the value of liquidated damages payable to Plasan in accordance with the provisions of Section 5.2 and of any other cost and damage resulting from an Event of Default
- Unless explicitly waived by the authorized representative of Plasan, any payments by Plasan which are not made against actual delivery of the Goods, shall be conditioned upon prior receipt by Plasan of an Advance Payment Bank Guarantee covering the full advance payment amount, or of another form of security acceptable to Plasan, as approved by Plasan’s authorized officer in writing.

8. Title and Risk of Loss

Notwithstanding the quoted Incoterm or UCC term, title shall pass to Plasan upon the earlier to occur of (i) payment for the Goods or (ii) acceptance of the Goods hereunder and risk of loss shall pass upon the later to occur of (i) receipt of the Goods at Plasan’s premises or if delivery is made directly to a prime contractor or to the Customer, then arrival of the Goods at the premises of the prime contractor or Customer, as applicable; or (ii) acceptance of the Goods.

PLASAN
GENERAL TERMS AND CONDITIONS OF PURCHASE OF GOODS AND/OR SERVICES
(V. 1708)

9. **Tooling and Material**
- 9.1. Subject to any contrary intention expressed in the Contract, the Seller shall furnish at its own expense, keep in good condition, and replace when necessary, all dies, tools, jigs, gauges, fixtures, and associated manufacturing equipment ("**Tooling**") and raw materials.
- 9.2. Where the PO provides for Plasan to pay the Seller for any Tooling, or where Plasan or the prime contractor or Customer provide any Tooling to the Seller (the "**Furnished Tooling**"), such **Furnished Tooling** shall be the exclusive property of the party that paid for or provided it to the Seller (the "**Furnishing Party**") and the Seller assumes all liability for any loss, damage or shortage to the **Furnished Tooling** (except where caused by ordinary wear and tear) and for the Seller's failure to return such **Furnished Tooling** or any part thereof to the **Furnishing Party** upon any request from that party. The Seller shall not have the right to lien any **Furnished Tooling** or impose any other form of charge or encumbrance thereon and all **Furnished Tooling** shall be clearly marked and identified as the property of the **Furnishing Party**.
- 9.3. Following completion of the obligations arising from a PO, the Seller shall return the **Furnished Tooling** to the **Furnishing Party**, or take any other action that the **Furnishing Party** instructs.
- 9.4. All **Furnished Tooling** and any material furnished or paid for by a **Furnishing Party** ("**Furnished Material**") shall only be used by the Seller in connection with the PO. Title in all **Furnished Material** not yet used for the PO shall also remain with the **Furnishing Party**.
- 9.5. The Seller shall use, keep and maintain all **Furnished Material** in accordance with the written instructions and directions of the **Furnishing Party**, or absent such instructions, it shall use, keep and maintain such **Furnished Material** in accordance with best industry practices. The Seller shall maintain control records with respect to the **Furnished Materials**, and Plasan and any other **Furnishing Party** shall be entitled to receive copies thereof on request.
- 9.6. The Seller shall obtain insurance properly covering the **Furnished Tools and Material** against theft, loss and damage from reputable insurers on terms approved by Plasan and naming the **Furnishing Party** as an insured beneficiary and shall provide Plasan with insurance certificates evidencing the same signed by the insurer.
- 9.7. All **Furnished Materials** shall be returned to the **Furnishing Party** in the same condition as delivered to the Seller, reasonable wear and tear and consumption of material during manufacture excepted.
- 9.8. In cutting materials, the Seller shall minimize wastage of material as much as possible and conform to any specific percentages provided in the PO. Any scrap remaining from **Furnished Materials** following the Seller's completion of the PO shall be treated in accordance with **Furnishing Party's** instructions. Absent any specific instructions within a reasonable time following completion or termination of the PO, the Seller shall be entitled to dispose of **Furnished Materials** as it chooses, subject to applicable laws, rules and regulations.
10. **Change Request Procedure; Amendments; Waivers**
- 10.1. Plasan reserves the exclusive right at any time to make changes in the Contract to specifications, drawings, designs, other build-to-print instructions, quantity, place of delivery, method of shipment, delivery schedule, required documentation or any other similar matters under the PO. Changes shall be made by delivering to the Seller written request ("**Change Request**") signed by Plasan's appointed program manager for the purchases under the PO (the "**PM**"). The **Change Request** will detail the changes required by Plasan. The Seller shall immediately commence work to put the **Change Request** into effect and will prepare and send to Plasan within 30 days of Plasan's **Change Request** a detailed written change proposal setting out its plan for implementing the changes and providing Plasan with details as to how the requested changes will impact on the unchanged parts of the Contract, which may include price, methods of delivery and delivery schedules ("**Change Proposal**").
- 10.2. Following the **Change Proposal**, Plasan and the Seller shall exert best efforts to agree on equitable changes to the Contract arising from the **Change Request** and detailed in the **Change Proposal**. Any agreement shall be set down in writing as a written amendment to the Contract. Failure to reach agreement on the equitable changes to the Contract shall be a dispute between the Parties and shall be resolved under Section 23 (Disputes, Governing Law) below. However, such dispute process shall not excuse the Seller from continuing to work diligently to deliver in accordance with the changes requested. If the Seller's work is completed, delivered and accepted by Plasan prior to resolution of the dispute, then Plasan shall at least pay to the Seller, pending final resolution of the dispute, any amount that is not in dispute between the parties in relation to the change.
- 10.3. Once all changes have been agreed, they will be formalized by the issue of a revised PO, which shall be acknowledged in the same manner provided in Section 1.2 above.
- 10.4. Except for issuance of a **Change Request** signed by the PM, no other communication from any person on behalf of Plasan in which changes may be requested shall be binding on Plasan. If the Seller is not sure who the PM is, then it shall be for the Seller to clarify with Plasan the identity of the PM.
- 10.5. Except as stated in this Section 10, no amendments to the Contract shall be effective unless made in writing and signed by both parties. No waiver shall be binding unless made in writing and signed by the party purporting to make the waiver.
11. **Warranty**
- 11.1. The Seller hereby warrants to Plasan that all Goods delivered hereunder shall be free and clear of defects in workmanship, materials and, in the case of Goods that are not build-to-print - free from defects in design, for a period of 5 years from the date of acceptance of the Goods as described herein, or any other period stated in the PO or PO Documents (the "**Warranty Period**"). The warranty provided in this Section 11.1 shall be invalidated where the defects were caused by: (i) misuse of the Goods in contradiction to written instructions provided to Plasan; or (ii) normal wear and tear of the Goods.
- 11.2. Where Goods are found during the **Warranty Period** to be non-compliant with the warranty stated in Section 11.1 above, Plasan shall notify the Seller in writing thereof, providing the Seller with details of the defects found and the number of Goods affected. Following receipt of the notice of the defects, the Seller shall investigate the cause of the defects and the reasons that the defects were not discovered during the manufacture and testing of the Goods. The Seller shall have 48 hours from receipt of notification of the defects, or any extension thereto agreed by Plasan, to deliver to Plasan a corrective action plan ("**CAP**") informing Plasan of the cause of the defects, the action it proposes taking to repair or replace the defective items and the timetable for completing the corrective work and any steps it shall take, where possible, to reduce the likelihood of such defects occurring again. If the Seller proposes repairing rather than replacing the defective items, then it shall also detail in writing the proposed repair work. Plasan shall have the right, at its sole discretion, to elect to have the items repaired or replaced by the Seller in accordance with the **CAP**, or to repair or replace the items itself or have the items repaired or replaced by another party, all at the expense of the Seller. Seller shall also bear the costs of disassembly, transportation and re-installation.
- 11.3. Where a defect occurs in a number of Goods delivered by the Seller to an extent that it is reasonable to determine the defect is systemic in the Goods, or if Plasan otherwise reasonably decides, in consultation with the prime contractor or the Customer that a defect is systemic in the Goods, then Plasan shall be entitled to apply the warranty obligations under Section 11.2 to all of the Goods to which the systemic defect relates. If the Seller can provide detailed documentary evidence acceptable to Plasan that shows that only Goods in an identifiable and separate group of Goods might be at risk of containing the systemic defect (such as identifiable batch or batches of Goods, or Goods manufactured from a particular source, etc.), then this Section 11.3 shall apply only to that identified group of Goods. The Supplier cannot provide such documentation to Plasan, then this Section 11.3 shall apply to all Goods delivered under the PO or the series of related POs. The Seller shall also fully compensate Plasan for any costs of recalling products or parts from the prime contractor or Customer and from the field.
- 11.4. The **Warranty Period** for items repaired or replaced under Sections 11.2 and 11.3 shall be extended by the length of time that it took for Plasan to receive repaired or replaced items from the time that Plasan notified the Seller of the defects in the items.
- 11.5. With respect to Goods not designed by Plasan, Seller warrants that the sale, use or incorporation of the Goods into manufactured products shall not infringe on the intellectual property rights of any other party, unless the same is done in contradiction to express instructions of the Seller notified to Plasan in writing prior to the issuance of the PO. Seller shall fully indemnify and hold harmless Plasan, any prime contractor of Plasan and the Customer from any and all expenses, liability, damages and losses of any kind (including costs and expenses of attorneys' fees) arising from any claims, suits or actions alleging such infringement. In addition to the foregoing, the Seller shall obtain for Plasan, at no additional cost to Plasan, the irrevocable right and license to use the Goods as Plasan had intended and if this is not possible, then Plasan shall have the option to terminate the PO under Section 19 below (Termination for Default) or to obtain from the Seller, at an equitably reduced price, alternate or modified goods acceptable to Plasan that are substantially comparable in form, fit and function, but which do not infringe on third party rights. Seller's obligations under this Section 11.5 is not restricted to the **Warranty Period**.
12. **Fitness for Purpose**
- Unless the Seller has notified Plasan in writing otherwise prior to issue of the PO, the Seller represents that it is aware of the intended use for the Supplies and warrants that the Supplies are fit for the intended purpose. The Seller shall immediately inform Plasan if it determines or becomes aware that the Supplies will not be fit for the particular purpose.
13. **After Sales Services; Spare Parts; Obsolete Supplies**
- 13.1. Where the Contract requires the Seller to maintain the ability to provide Plasan spare parts, then the Seller shall maintain the ability to provide spare parts for at least the period specified in the Contract, or if no specific period is specified therein, then for a period of at least 15 years following the last delivery of Supplies under the PO (the "**After Sales Period**"). Unless stated otherwise in the Contract, the price payable by Plasan for spare parts will be fixed for the first 5 years and then will be in accordance with the most up-to-date price list of the Seller, or in accordance with any agreed upon price escalation formula or other mechanism for determining the prices contained in the Contract. Notwithstanding the foregoing, the Seller shall be entitled to close the manufacturing line for the spare parts after the expiry of the **Warranty Period**, provided that a period of 12 months has elapsed thereafter in which Plasan did not issue any POs for spare parts. The Seller shall provide Plasan with 12 months prior written notice of any intention to close the manufacturing line to allow Plasan to purchase quantities of spare parts that it will require to hold in stock. Thereafter, if Plasan so requests during the **After Sales Period**, the Seller shall re-establish the manufacturing line to sell to Plasan additional spare parts. In such circumstances FAI's will be required for the first parts to come off the re-established manufacturing line.
- 13.2. Where the Contract requires the Seller to provide after sales maintenance and support services, then the Seller shall maintain the ability to provide such Services for the **After-Sales Period**. The price payable by Plasan for the **After Sales Services** will be fixed for the first 5 years and then will be in accordance with the most up-to-date price list of the Seller, or in accordance with any agreed upon price escalation formula or other mechanism for determining the prices contained in the Contract. Should the Seller wish to cease providing the **After Sales Services** prior to the expiration of the **After-Sales Period**, it shall notify Plasan thereof in writing. Plasan's approval for cessation of such Services shall be subject to its locating and agreeing terms with a suitable alternate source for the provision of the Services at prices and on other terms substantially similar to those under which the Seller is providing the Services at the time it notifies Plasan of its desire to cease providing such Services. The Seller shall, at its cost, provide Plasan with all assistance required by Plasan to enable Plasan to qualify the alternate source for the provision of the Services for the remainder of the **After-Sales Period**, including without limit, provision of training, documentation and other appropriate assistance.
- 13.3. If the production of any Supplies is to be permanently discontinued voluntarily by the Seller, at any time within two (2) years after the final delivery of such Supplies under the Contract, the Seller shall give Plasan at least one hundred and eighty (180) days prior written notice of such discontinuance.
- 13.4. Seller shall accept POs from Plasan for such quantity of Supplies as required by Plasan, at the prevailing quality and a maximum of the prevailing price, until Plasan has secured an acceptable alternative source of supply.
- In the event of a voluntary discontinuance of production under the circumstances of Section 13.3, or upon the occurrence of an Insolvency Event, Seller shall grant Plasan, or a company designated by Plasan, a worldwide, irrevocable, perpetual, sub-licensable, royalty free license to use all Intellectual Property Rights for the manufacture of the Supplies. In order to enable Plasan to exercise its rights under the said license, Seller shall promptly provide Plasan a TDP of the Supplies together with any form of know how related to the Supplies, including instructions, tooling and procedures required for manufacture of the Supplies.
14. **Indemnification; Insurance**
- 14.1. The Seller shall fully indemnify and hold Plasan, its officers, directors, employees, consultants and affiliates (each an "**Indemnified Party**") harmless from and against all actions, claims (including without limit any third party claims), damages, losses and costs (including without limit attorneys fees and court costs), incurred as a result of: (i) any breach of any of the provisions of these Terms, the PO or any attachments and (ii) any defective Goods or Services; (iii) any negligent act or omission of the Seller. The Seller shall indemnify the **Indemnified Party** within 30 days of receiving written request thereof from the **Indemnified Party**.
- 14.2. Without derogating from the Seller's liability hereunder, the Seller shall purchase and maintain product liability and general public liability insurances with a reputable insurer and under terms standard in the industry providing a minimum cover per claim and an insurance term acceptable to Plasan and reasonable under the circumstances. The policy shall be valid for a period of not less than 5 years following delivery of the Supplies and Plasan shall be named as a first lost payee under the policy. The insurance company shall also be required to agree that it shall not terminate the insurance policy without providing Plasan with 60 days prior written notice thereof. The Seller shall provide Plasan with a copy of an insurance certificates evidencing the same signed by the insurer promptly upon Plasan's request.
- 14.3. Where Seller's employees or representatives will be required to perform any work at Plasan's, prime contractor's or Customer's sites or facilities to fulfill the PO, the Seller shall also obtain Employer's Liability Insurance covering at least bodily injury by accident, also on terms approved by Plasan and the provisions of Section 14.2 shall apply thereto.
15. **Intellectual Property**
- 15.1. If the Seller's work under the PO requires it to make any inventive developments, improvements or adjustments of any kind ("**Developments**") for which Plasan is charged NRE, or part thereof, by the Seller, then all patents, copyrights, design rights, trade secrets, know how and other proprietary rights underlying such **Developments** and any applications thereof (collectively "**Intellectual Property Rights**") arising by reason of the Seller's work for the PO (i.e., they were not owned by or licensed to the Seller prior to its work hereunder), are created at Plasan's expense and such **Intellectual Property Rights** shall be considered as work made for hire and all rights, title and interest therein shall be exclusively owned by Plasan. The Seller shall, at Plasan's expense, sign all documents and take all action necessary in such circumstances to allow Plasan to utilize and protect such **Intellectual Property Rights** anywhere in the world.
- 15.2. For POs which by their nature will require the Seller to use proprietary material and information of Plasan, such as without limit, a TDP or purchase specifications (the "**Licensed Material**"), Plasan hereby grants to the Seller a non-exclusive, non-transferable, revocable, limited license (the "**License**") to use the **Licensed Material** provided to the Seller by Plasan, solely for the purpose of fulfilling the Purchase Order (the "**Licensed Use**"). All use in and to the **Licensed Material** (which hereafter also refers to the Supplies) not being a **Licensed Use** is prohibited. Without derogating from the generality of the foregoing, the Seller shall not, directly or indirectly:
- manufacture, sell, supply or otherwise use the Supplies except to fulfill Purchase Orders issued by Plasan;
 - sell the Parts directly to the Customer or the prime contractor or to any other party;
 - grant sublicenses under the License, unless first permitted by Plasan in writing;
 - alter, decompile, reverse engineer or break down any of the **Licensed Material** into its component parts; and
 - develop, make, or have made, anything based in any way on any of the **Licensed Material**, except as expressly provided for in the Contract.
- The License shall automatically terminate upon the first to occur of (i) fulfillment of the Seller's obligations under the PO for which it required use of the **Licensed Material**; or (ii) termination of the PO for any reason.
- 15.3. Without derogating from any other rights available to Plasan arising from a breach of these Terms and the License, the ownership in **Intellectual Property Rights** in any **Developments** with **Licensed Material** made by the Seller in breach of Section 15.2(v) shall vest automatically and solely in Plasan and Seller shall, at its cost, sign all documents and take all action required by Plasan in

PLASAN
GENERAL TERMS AND CONDITIONS OF PURCHASE OF GOODS AND/OR SERVICES
(V. 1708)

order for Plasan to enjoy full ownership in such Developments anywhere in the world and Plasan shall also receive any income derived by Seller from such Developments. Seller shall fully account to Plasan for all such income and Plasan shall have the rights to audit such accounting in accordance with Section 20 below (Audit Rights).

- 15.4. Except as stated in Section 15.2, nothing herein shall be deemed as granting the Seller any rights in any of Plasan's Intellectual Property Rights. Nothing contained herein shall be deemed to be or put into effect any transfer, assignment or other disposition of Plasan's Intellectual Property Rights.
- 15.5. This Section 15 shall survive any termination of the Contract to the maximum extent possible under applicable law.

16. Confidential Information.

- 16.1. The Seller shall keep the PO, all information and material provided by Plasan, any prime contractor and the Customer confidential and safe from unauthorized disclosure or leakage and the Seller shall not disclose any such information or material to any other party or use it in any manner other than as strictly permitted by Plasan. The Seller shall not reverse engineer, decompile or otherwise breakdown any such information or material into component parts.
- 16.2. Any Non-Disclosure Agreement entered into by the Seller and Plasan covering exchanges of information under the PO is hereby incorporated into these Terms by reference.
- 16.3. The Seller shall not release to the public any information regarding its activities for Plasan without Plasan's prior written consent as to the form and content of such releases.
- 16.4. This Section 16 shall survive any termination of the Contract to the maximum extent possible under applicable law.

17. Equitable Remedies

In addition to monetary compensation, injunctive relief and other equitable remedies will also be available for breaches of the Contract, where appropriate. For example and without limit, injunctive relief shall be available to prevent breaches of Sections 15 (Intellectual Property) and 16 (Confidential Information) above. Temporary equitable relief shall also be available to the parties pending final decision of the courts.

18. Export Compliance

- 18.1. **For U.S. based Sellers:** Without derogating from the obligations of the Seller under Section 6.5, U.S. based Sellers shall be solely responsible for determining whether the Supplies are controlled by the Arms Export Control Act, 22 U.S.C.2751-2794 and the International Traffic in Arms Regulation (ITAR), 22 C.F.R. 120 et seq. promulgated thereunder or the Export Administration Act and the Export Administration Regulations (EAR) promulgated thereunder and in such cases, the Supplies' Export Control Classification Number (ECCN) and any relevant licensing requirements. U.S. based Sellers shall be required to obtain appropriate export approvals from the Directorate of Defense Trade Controls (DDTC) for ITAR controlled Supplies and the Bureau of Industry and Security (BIS) for EAR controlled Supplies or take all relevant measures in order to make use of any available license exemptions or determinations that no license is required within sufficient time to comply with the delivery schedules of the POs. Plasan shall provide Seller with full details of all third parties that it believes shall require access to the Supplies (including without limit, subcontractors, transporters and freight forwarders, storage facilities and end-users). Seller shall ensure that all export license applications under ITAR or EAR request appropriate permission for Plasan to deliver the Supplies (in original form or otherwise) to the parties detailed in the information provided by Plasan. Failure to take such steps shall entitle Plasan to be fully indemnified by Seller for all losses, costs, damages, claims against Plasan or suffered by Plasan by reason the export approvals not containing all required approvals. For avoidance of doubt, Seller shall not be responsible to Plasan where Seller duly and properly includes all information requested by Plasan in the export application and any part of such application is not approved by the U.S. Government through no fault of Seller.
- 18.2. **For Non-U.S. Based Sellers.** The Seller hereby represents and warrants that unless it specifically notifies Plasan otherwise in writing in accordance with the provisions of Section 6.5, the Supplies are not of U.S. origin, do not contain any U.S. origin material, parts or components and are not based on or incorporate U.S. origin technology, technical data or any other form of know-how. Furthermore, unless it specifically notifies Plasan otherwise in writing, Seller represents that the Goods are not controlled by any export control restrictions under any jurisdictions and Plasan may rely on the Seller's representations and warranties made under this Section. Furthermore, any information or material of a technical nature that the Seller receives from Plasan or creates or manufactures in reliance of such material ("Material") may be subject to export control laws and regulations of various jurisdictions, specifically including, but not limited to ITAR or EAR and will be subject to Israeli export control laws. It is Seller's responsibility to ensure that where it receives U.S. origin Material or Material that is marked as ITAR controlled or controlled by any other applicable export jurisdiction, that Seller shall comply in full with the applicable laws, rules and regulations. No information of a technical nature received from or on-behalf of Plasan shall be transmitted electronically or put on an internet or intranet site unless the transmission or sites are secure and the information has been encrypted.
- 18.3. If Seller wishes to assert that any item of Material that it receives, creates or manufactures in connection with the PO is not subject to any export control restriction under any applicable law, then it must bring this to the immediate attention of Plasan, with written details of the reasons for its assertion. The Seller shall continue to treat the Material as export controlled until Plasan notifies it otherwise.
- 18.4. Seller shall provide all information and assistance reasonably required by Plasan in order for Plasan to obtain appropriate export or import licenses or in order for Plasan to enter into appropriate Technical Assistance Agreements, Manufacturing License Agreements or other applicable agreements and licenses required under ITAR.
- 18.5. Seller understands that obtaining US State Department or Commerce Department approval for licenses, agreements and amendments thereto takes time. Therefore, if Seller wishes to use new subcontractors or employees that are nationals of countries that are not already authorized by appropriate licenses or agreements, it shall timely inform Plasan thereof so that Plasan shall have sufficient time to work towards obtaining appropriate State Department approval without causing disruption to the timely fulfillment of the PO. For ITAR purposes, a person is considered a national of a country if he holds formal citizenship from that country **OR** he was born in that country regardless of if he holds formal citizenship from that country.

19. Termination

- 19.1. **Termination for Default.** Plasan, by written notice, may terminate the Contract for default in whole or in part, if Seller is in default of any of the provisions of the Contract, or if it becomes apparent that the Seller has failed to make progress so as to endanger timely deliveries or other material obligations under the Contract. The termination notice shall set out the default and termination will take effect 10 days following delivery of the termination notice if the default complained of remains uncorrected. However, in the event that (i) the Seller becomes insolvent or unable to fulfill its obligations hereunder, or discontinues its business, or upon initiation by the Seller or by its Creditors or any procedures for bankruptcy, liquidation, debt settlement arrangement assignment of debts, appointment of a receiver or any similar procedure (each, an "Insolvency Event") or (ii) where the Customer or prime contractor, as appropriate, have terminated their contract or part thereof with Plasan on shorter notice for delays caused by the Seller, then Plasan shall also be entitled to terminate the Contract or corresponding part thereof, even if earlier than the 10 day notice period. Plasan shall be entitled to purchase similar Supplies from alternate sources with respect to the work terminated and Plasan shall be entitled, in addition to any other rights arising from the default, to receive the difference, if any, in the cost of the Supplies and the cost of the alternate supplies. The Seller shall continue all work not terminated by Plasan. Upon termination of the Contract or part thereof for default, Plasan may require the Seller to transfer title and deliver to it, as directed by Plasan, any (1) completed Goods, and (2) partially completed Goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights that the Seller has specifically produced or acquired for the terminated portion of the Contract. Plasan shall credit the Seller with the reasonable value of such items, up to the lower of the Seller's costs or the total price of the terminated part of the PO. Upon direction of Plasan, the Seller shall also protect and preserve property in its possession in which Plasan, the prime contractor or Customer has an interest.
- 19.2. **Termination for Convenience.** Plasan may, by written notice, terminate the Contract without cause, in whole or in part, at any time and such termination shall not constitute a breach of the Contract. In the event of partial termination, the Seller shall continue to diligently perform the parts of the Contract that were not terminated. Upon termination, the Seller shall immediately cease all work on the terminated part of the Contract, cancel all orders for components, supplies and services related to the terminated part of the Contract, return to its stock or stock of its suppliers all re-usable components and supplies and Seller shall take all other commercially reasonable steps to mitigate the costs arising from termination. Plasan shall pay to the Seller a termination for convenience fee equal to actual costs incurred and substantiated by documentary evidence for work completed, plus any additional costs and expenses reasonably incurred by Seller as a direct result of the termination, taking into account the requirement to mitigate the costs and expenses, less any amounts previously paid with respect to the terminated work and credits for components and supplies returned to the Seller's stock or the stock of its suppliers. In no event shall Plasan be required to pay more in connection with the terminated work than it would have been required to pay had the work not been terminated. The Seller shall provide Plasan, within 60 days of the termination, a termination account setting out the amounts claimed by the Seller in respect of the termination fee as described in this Section 19.2 and a suitable invoice in respect of the amount claimed. Plasan shall pay all amounts claimed

by the Seller in the termination accounts that it does not dispute within 90 days of receipt of the termination accounts. Any amounts claimed by the Seller that Plasan does not agree to shall be determined in accordance with the dispute provision in Section 23 below. All work in-process and other supplies paid for by Plasan under this Section 19.2 shall be the property of Plasan and delivered or disposed of according to Plasan's instructions.

20. Audit Rights

In order to assess Seller's compliance with these Terms, the Seller shall permit personnel of Plasan, a prime contractor and the Customer (and Seller shall obtain a similar right from its permitted subcontractors), reasonable access to all of Seller's facilities and quality assurance, manufacturing and logistics books and records (the "Records") for review and also access to the Seller's business and operations personnel involved in the performance of the Contract.

21. Offset Credit/Cooperation

Any offset benefit credits resulting from this PO and any lower tier subcontracts are the sole property of Plasan, to be applied to the offset program of its choice. Plasan may transfer the benefit of offset credits to its prime contractors. The Seller agrees to assist Plasan in securing appropriate offset credits from the respective country government authorities.

22. Customer's Requirements

- 22.1. In the event the PO is in support of Plasan's commitment to a Customer, applicable Customer's requirements shall flow down to Seller on a back-to-back basis.
- 22.2. It is Plasan's general policy to ensure that all of its products are compliant with U.S. law, rules and regulations. Consequently, the following provisions shall apply to all Contracts and Goods sold to Plasan unless the Seller obtains Plasan's specific prior written waiver.

- (i) **Buy America Act.** The Buy America Act requires that when purchasing items that are not commercial off-the-shelf end-items, the U.S. Government gives preference to end-items that items are manufactured in the U.S. or certain other countries that are defined in the Buy America Act as "Qualifying Countries". The Seller hereby represents and warrants that, unless it notifies Plasan otherwise in writing in its offer to which the PO relates, all Goods are either U.S. made or made in a Qualifying Country. The following link is to the provisions of the Defense Federal Acquisition Regulations Supplement (DFARS) implementing the Buy America Act. Supplier agrees to familiarize itself with the regulations. <http://www.acq.osd.mil/dpap/dars/dfars/html/current/252225.htm#252.225-7002>.
- (ii) **Berry Amendment.** The Berry Amendment forbids under most circumstances the U.S. Government from purchasing any Goods with Department of Defense funding if those Goods are listed in the Berry Amendment and not manufactured in the U.S. or if those Goods contain any items listed in the Berry Amendment as parts, components or materials and those parts, components or materials were not manufactured in the U.S. **NOTE: The "Qualifying Country" exceptions of the Buy America Act do not apply to the Berry Amendment.** The Seller shall ensure that all Goods are Berry Amendment compliant. The following link is to the Berry Amendment. Supplier agrees to familiarize itself with the Berry Amendment: <http://www.law.cornell.edu/uscode/text/10/2533a>
- (iii) **Specialty Metals; Ball Bearings.** Certain materials may not be contained in or used in the production of goods sold to the U.S. Government unless they have been produced or smelted in the U.S. The following links provide the details of the items. The Seller shall not include in the Goods or use in the production of the Goods any items contained the links unless they have been produced or smelted in the U.S.: <http://www.acq.osd.mil/dpap/dars/dfars/html/current/252225.htm#252.225-7008> <http://www.acq.osd.mil/dpap/dars/dfars/html/current/252225.htm#252.225-7009> <http://www.law.cornell.edu/cfr/text/48/252.225-7016>
- (iv) **Defense Rating.** Where the face of the PO provides that the Customer has rated the program with a defense rating under the US Defense Priorities and Allocations System (DPAS) regulation (15 CFR 700), then the Seller shall comply with all DPAS requirements flowing from the rating if the Seller is U.S. based and if the Seller is not U.S. based, the Seller shall pass the rating on in its orders to any of its U.S. subcontractors of the PO.
- (v) **FARS and DFARS.** All Federal Acquisition Regulations (FARS) and Defense Federal Acquisition Regulations Supplement (DFARS) quoted on the face of the PO or otherwise referenced in the Contract are incorporated by reference into these Terms in full, but as may be amended by the PO or other PO Document by referencing them and provided further that if there is a conflict between these Terms and any quoted FAR or DFARS, then these Terms will prevail to the extent of the conflict. All references to "Government" and "Contracting Officer" will be deemed to refer to "Plasan"; all references to "Contractor" shall mean the "Seller"; all references to "contract" will be references to the Contract, in each case, unless the context and intention of the clause do not permit for such a meaning.
- (vi) **Cost or Pricing Data.** Where the Customer is entitled to receive cost and pricing data under applicable U.S. law and under the FARS and DFARS and the Customer has requested such data, then the Seller shall provide the Customer with the cost and pricing data. The Seller may provide the sensitive cost and pricing data directly to the Customer without providing Plasan with access thereto. The Seller shall ensure that this provision is included in any subcontracts it enters into.
- (vii) **UNITED STATES CUSTOMS-TRADE PARTNERSHIP AGAINST TERRORISM (C-TPAT).** Plasan's U.S. prime contractors participate in the U.S. Department of Homeland Security (DHS) Customs and Border Protection (CBP) Customs-Trade Partnership Against Terrorism (C-TPAT) program. C-TPAT is a government-business initiative to build cooperative relationships that strengthen and improve overall international supply chain and U.S. border security. Seller shall ensure shipments made in connection with the Contract are conveyed through transportation providers that are (1) certified under the U.S. CBP C-TPAT program, (2) certified under a supply chain security program of a country that the United States has entered into a C-TPAT mutual recognition agreement or (3) otherwise prior approved by Plasan. In addition to other requirements of the Contract, Seller shall ensure the physical integrity and security of all shipments under the Contract against the introduction of harmful or dangerous materials, drugs, contraband, weapons, or weapons of mass destruction or introduction of unauthorized persons in transportation conveyances and/or containers. Such measures shall include, but are not limited to: physical security of Seller's manufacturing, packing, shipping, and storage; restriction of access of unauthorized persons to such areas; screening of personnel involved in any related supply chain activities to the maximum limits of applicable laws and regulations; and development, implementation, and maintenance of procedures to protect the physical integrity and security of all shipments. Upon request, Seller shall provide to Plasan reasonable evidence of compliance with this Section 22.2(vii).
- (viii) **Conflict Minerals:** Goods to be delivered by Seller shall not contain any minerals subject to the limitations made under **Dodd-Frank Act, Section 1502 - Securities and Exchange Act of 1934, 17CFR**, or any other applicable law or regulation, including columbite-tantalite (coltan), cassiterite, gold, wolframite, or their derivatives (together: "**Conflict Minerals**") unless Seller has first made a determination following a Reasonable Country of Origin Inquiry (RCOI) that the Conflict Mineral is from recycled or scrap sources and Seller has obtained Plasan's prior approval, having first provided Plasan with written disclosure of the Conflict Minerals and written details of the RCOI; or (ii) the Seller can first provide Plasan with satisfactory documentary evidence that the Conflict Mineral does not originate from the Democratic Republic of Congo or an adjoining country to it (together "**Covered Countries**") and Plasan prior approves in writing the inclusion of the minerals.

23. Disputes; Governing Law

- 23.1. The parties agree to exert best efforts to amicably resolve any dispute or claim arising from this PO. If a dispute is not resolved within a reasonable time, then the dispute shall be put in the hands of each party's Chief Executive Officers (CEOs) and the CEOs shall exert good faith efforts to resolve the dispute amicably through negotiation. If negotiations do not succeed within a reasonable time, either party may seek resolution in the courts, arbitration or mediation in accordance with this Section 23.
- 23.2. If the PO was issued by Plasan Sasa, then the Contract shall be construed and governed by the laws of the State of Israel, without reference to its conflicts of laws provisions and the parties submit solely and exclusively to the jurisdiction of the competent courts of Tel Aviv-Jaffa and if the PO was issued by Plasan North America, Inc. or another U.S. based Plasan subsidiary, then

In any event the parties explicitly agree to exclude the Convention for the Sale of International Goods. Nothing in this Section 23.2 shall preclude the parties from agreeing to refer the dispute to mediation or arbitration.

24. Miscellaneous

- 24.1. Neither party shall be liable with respect to the non-performance or partial non-performance of any of its undertakings hereunder where such non-performance or partial non-performance was caused by an event of force majeure, such as, without limitation, earthquakes, floods and other acts of God, general shortages of raw materials, general strikes, wars, terrorism, etc. In the case that a force majeure event prevents delivery of Supplies by more than 30 days past their delivery schedule date, then Plasan shall be entitled to cancel the PO and purchase the Supplies from alternate sources.
- 24.2. These Terms do not create any relationship between the parties other than that of independent contractors and no employee, agency, distributorship or other relationship shall be implied. Nothing hereunder shall be deemed to prevent Plasan from entering into any business relationship of any nature with any other party.

- 24.3. If any part of the Contract is held by any competent court of jurisdiction to be invalid or otherwise unenforceable, then to the extent that such is possible, the invalid part shall be deemed removed herefrom and the validity of the remaining terms and conditions shall not be affected.
